

Outdoor Activities

In the “Bold North” we’re known for our love of the outdoors. Regardless of the season, we’ll find a way to entertain. From upscale ice-fishing excursions and snowmobiling to the thrill of dogsledding, broomball contests, ice bowling, skating and skiing – you’re in the right hands with hometown experts. For a truly unique winter experience, the St. Paul Winter Carnival is a must.

Curling

From our involvement in the 1992 Super Bowl in Minneapolis, we know the ‘curling experience’ is a sought after group activity! With popularity rising in recent years with the Winter Olympics, we’re planning to make curling an attraction for Super Bowl LII. With several clubs in the state, we’ll get you in the right club for your group in the right location. We can also help facilitate a “warming house” atmosphere for guests to relax and interact after curling.

Brewery & Distillery Tours

Ranked the Top 10 “Beer City” in the nation, Minneapolis and its surrounding areas have become a haven for craft beer lovers. Whether you’re looking for a multi-stop tour around the city, or looking for a one-stop brewery event with an impressive showroom and excellent cuisine – you’ll find it here! Beyond booking and organizing your brewery or distillery tour, our transportation division can handle your touring needs. With 30+ years of DMC and transportation experience, we’ll get you to your end-point safely and make the most effective route possible.

Indoor Activities

Looking for an indoor option for your group? You got it! Beyond the expected event space, we’ve created connections with some of the most inclusive themed and activity-based spaces in the metro area. From high-end bistros offering Karaoke, vintage arcade games and intimate retro lounges to large-scale eateries with outdoor bonfire pits, bocce ball, ping-pong, bowling and team building activities, we can find a space for your group that will impress. Based on your group size and the intended objective, we’ll determine the perfect indoor hot spot for your guests. Branded spaces, creative lighting, a great menu and properly scheduled transportation will ensure your event is a success!
